

forget it

remember you can't beat the fight out

it gets bigger the harder you pound it  
like a cunt, like a cyst, like dough, the fight ripe and reddening swells

conjure amnesia

learn to become polite, learn public, learn good, learn society, learn quiet,  
learn un-balling of fists, folding of hands, interlocking of fingers  
learn metered response

learn to listen to the shining  
rich faces lip complaints of money shame,  
beg the foundation, sediment,  
sandstone  
learn boredom as rest, learn always unmoving, learn unmentionable,  
learning watching  
learn pause, again

sit in the wooden use value labor chair and birth left good intentions swaddle liberal  
sympathy of impoverished on impoverished violence totems deconstructed by remote  
terrestrial drone  
(I'm implying a distance)

forgive them  
but don't forgive Amerikkka. Never forgive Amerikkka.  
but forgive yourself and  
forgive them

remember,  
they won't kill you, the people who work, who money, who can, who pay, who eat  
what they want,  
when they want,  
unjailed, colleged, clean, sober, housed,  
remember they assume you are one  
remember, you are,  
you got lucky, ace-card  
so practice what you've learned,  
survive

conjure amnesia, unreadable stone face let the mask bond, unscared  
newwhite it is white, it is white, like a dovelike bone last leg eggshell ivory

feather pale  
each day becomes a mythical astoundment  
you are a plastered statue rising, fallacious tubule  
weightless, bonecloud, shining  
an angel of proof floating
